

## GLORIA TIMMER AWARD CRITERIA

*The Gloria Timmer award is established in honor of NASBO Executive Director Gloria Timmer. The award is the highest honor that NASBO bestows upon a budget officer in recognition of Gloria Timmer's significant dedication, special contributions and valuable service to NASBO.*

### **ELIGIBILITY**

All NASBO regular members are eligible for the award. The Gloria Timmer Award recognizes exceptional performance for those at the executive level within a state budget office. Most often, the recipients of the Gloria Timmer award have been budget directors or deputy budget directors. In addition, senior management serving in state budget offices are also eligible. Past regular members continue to be eligible for the award up to 18 months from the date they leave their budget officer position.

### **AWARD PURPOSE AND CRITERIA**

The Gloria Timmer Award shall be awarded for either a single significant achievement or a career of accomplishments which have had a significant, positive impact on the award recipient's state.

- In the case of a single achievement, the accomplishment must be a notable project which has had a major positive impact on the financial situation of the state.
- In the case of a career of accomplishments, the career achievements must have had a cumulative significant positive impact on the financial situation of the state.

In addition, the recipient must have some history of involvement or participation in NASBO activities. Participation shall not be defined as attendance at meetings but as active involvement and/or participation in NASBO activities.

### **ANNUAL AWARD**

The award may be given out once per year. There may be years in which the award will not be bestowed. This is perfectly acceptable since the award is for significant accomplishments.

### **INDIVIDUAL OR GROUP**

The award is expected to be for an individual. However, in its discretion, the Award Committee may determine that a section, team or group from a particular budget department deserves and shall receive the award as a group.

### **NOMINATIONS**

All regular members and associate members are encouraged to nominate an individual they believe is eligible. Nominations may be received from any source or individual. Nominations shall be presented to the Awards Committee in a format and by a date specified by the Committee. The Awards Committee may choose to consider candidates for the award for whom no nomination has been made. The award will be presented at the Annual Meeting in Utah.
